AUSTRALIAN ACRYLIC REPAIRS

Specialising in acrylic and fiberglass repairs of baths, shower trays, cubicles and bathroom vanities. Servicing the Sydney Metropolitan, Blue Mountains, Wollongong and Newcastle regions for over 23 years our network of fully trained technicians are being used by :-

- ✓ Home Renovators
- ✓ Households
- ✓ Leading Hotel Groups
- ✓ Motels
- ✓ Real Estate agents
- ✓ Major Bath / Building companies
- ✓ Major Hospitals and Nursing Homes

Repairable cracked corner

Australian Acrylic Bath Repairs use a “WELDAC” acrylic repair system, which achieves maximum strength repairs whilst matching the colour and texture of your bathroom décor. Our acrylic repair system ensures the problem does not occur again.

Our repair services are more affordable than a new bath or shower base and there are no re-tiling costs and no plumbers required. Replacing your bath or shower base will take up to 4-5 days requiring re-tiling where as the Australian Acrylic repair tradesman can complete most repairs in under a few hours.
